**Topic:**

Usually in January we plan a year's worth of topics, hosts and meetings. So come prepared to suggest, lead, listen or just to keep the Splinter spirit going!

And: Deva Rajan, the founder of Canyon Construction will be there too: giving us some insights into the longer term view of general contracting and Life After Leaving.

Deva has also offered to give us a photographic update of the Hindu temple project he's been involved with on the island of Kauai.

Hope you can make it,

Steve
