This event will be a gathering of **ideas, details & solutions** from anyone who would like to participate. We have a wealth of small & great solutions that we are proud of that have come from problem solving for particular jobs.

This can translate into something you have created that is:

Creative

Detailed in an unusual or unique way

Elegant in its solution-- technically or aesthetically

It can be something simple or complex

The deadline for sending me your images that you would like to be included in the presentation is:

Monday, July 13th so I have time to organize the presentation

(the sooner the better)

Email me @ sara@sarajaffedesigns.com

your jpegs of images

(no more than 3 projects/ person, but there can be multiple images / project)

you have created..... templates, mockups, samples of a good detail

We all are problem solvers & this is a way to share our ideas & know more about what each of us has to offer.
